Meetdirector: Dieter Münchmeyer

Scorer: Willi Kuck

Jury:

To be announced before competition begin (in accordance with competition rules 2019)

Launch type: Air-towing

Competiton-Class: FAI 5 Rigids

Rules:

in following order

1. Invitation/Documents on display at competition office
2. DHV-Competiton rules
3. FAI Sporting Code

Pilot-qualification:

A maximum of 35 pilots may participate

Livetracking

Use of GPS- livetrackers (preferred is the Flymaster tracker as flight results can be directly evaluated) is mandatory. The trackers have to be brought by each pilot, who is responsible for proper operation during all flights.(DHV have Flymaster for rent).

Documentation

The tracklogs of the flights are evaluated via the livetrackers. If those data are insufficient, alternatively the records of other GPS-devices (must include altitude) will be evaluated. (Cables for download to be brought by the pilots, back up-devices are strongly recommended).

Evaluation software:

GPSdump, FS-Comp. Holders of instruments not readable by GPSdump may bring their own igc-files with valid G-record.

Retrieves:

Pilots responsibility

Radio: It is recommended to carry radio equipment

Liability

Each participant enters the competition at own risk. Claims against organisor, management, meet direction and their staff are excluded as far as covered by law regulations (see declaration: liability exclusion)

Technical qualification/Airworth equipment

1. Hanggliders with airworth test certificates accepted in Germany
2. Hanggliders in test programs acc. to the requirements of FAI sporting code sect. 7a, 2017, for uncertified gliders as per chapter 8.3.2. The pilot has to show the relevant test protocols.
3. Helmet certified acc.to EN 966

Personal qualification:

valid pilot license

Valid liability insurance

Valid FAI sporting license

Signed participants declaration form for DHV-competitions
